LUXURY APARTMENTS & TOWNHOMES FOR AN ACTIVE LOWCOUNTRY LIFESTYLE IN THE VIBRANT POINT HOPE NEIGHBORHOOD

Brooking Square is a 348-unit luxury apartment project located on the Cainhoy Peninsula in Charleston, SC within the Point Hope development. Brooking Square is situated on Clements Ferry Rd/Hwy 41 which is a major connection to Hwy 17 leading to the major Charleston island suburbs, beaches and Downtown Charleston. Clements Ferry directly connects to I-526 for easy access to many major business and economic drivers in the area. Brooking Square's location popularity is fueled by brand new schools, walkable retail and an extensive trail and park system. These amenities will further flourish as the planned Waterline project will link all points of Point Hope via a unique linked park system that includes water features, playgrounds, gathering areas and paths. MUSC is currently developing an 80,000-square-foot medical office building adjacent to Brooking Square. This facility will offer a wide variety of essential healthcare services, including primary care, pediatrics, advanced imaging, cardiology, orthopedics, and more. The apartments will feature upgraded finishes and custom features alongside amenities and architectural design that exemplify an active Lowcountry lifestyle attractive to a very diverse resident base. In addition, this mixed-use community will include 18,000 square feet of retail space, enhancing its vibrant, walkable environment.
